as being in strict accord and harmony with said administration.

Third. That we regard the recent defeat of the original treaty of peace with the League of Nations as a component part thereof, the greatest political and national crime recorded in the history of the world.

Fourth. That we endorse the records of Senators Williams and Harrison, of Mississippi, upon all questions of national import, as being in line with the pure principles of Democracy.

CONFISCATE BIG STILL AND "WHITE LIGHTNING"

OXFORD, Miss., April 29. (Spl.)—
Tuesday night Chief Deputy United States Marshal C. E. Sisk and Sheriff Hartsfield and Deputy Sheriff "Buck" Collins, captured a 75-gallon copper still on the line between LaFayette and Cathoun counties, near Paris. The still was thoroughly equipped and the three men operating it ran as the officers came up.

Five hundred gallons of "mash" and 10 gallons of "white lightning" was poured out and the entire outfit destroyed. A 45 Colts automatic pistol and a shot-gun loaded with buck-shot were captured. The whiskey was filtered through charcoal and strained and the sample brought to Oxford was as clear as water and showed that the proprietor of this outfit was on to his job.

WATER VALLEY WILL **HAVE STRONG TEAM**

WATER VALLEY, Miss. April 29 (Spl.)—What should be of interest to surrounding towns is the fact that business men of Water Valley are formulating plans to again put in the field a baseball team that it is hoped will measure up to the standard of the Water Valley Advertizers of old. Such statement should be of interest to Jackson, Tenn.; Dyersburg, Tenn.; Corinth, Holly Springs, Oxford, Grenada, Winona, Itta Bena, Greenwood, Senatobia and other worthy foes of the past.

Quite a few players have already been signed and it is hoped before long to have a crack organization in the field. With such material as Harris, "Rootsie" Erickson, Lex Magee, Crawford, Harper, Sims, Heilums, "Crip" Hallman, "Doe" Tyler, Hessler, Shelton on hand, and other college stars to draw from in June, a crack organization should be rounded out.

It was hoped that enough interest would be manifested in this section of the state to organize a league, but it seems that such will be impossible this year. However, Water Valley will not the state to organize a league, but it seems that such will be impossible this year. DYERSBURG'S NEW PARK NEARLY READY

organizing the Appalachian league which disbanded in East Tennessee in 1913, a movement has been started in Upper East Tennessee with a view of forming a baseball league to include the following towns: Bristol, Kingsport, Johnson City, Morristown, Erwin and Elizabethton. Arrangements are being made for calling a meeting of the baseball representatives of the towns mentioned above to be held at Bristol on Monday, April 26, at which time it is expected that a league will be organized among these towns. Indications are that a baseball league will be to operation in Upper East Tennessee by May 15. Reports reaching here from Kingsport, Morristown, Johnson City, and other towns in this section state that much interest is being manifested in favor of forming this league. The towns in East Tennessee have been without professional baseball since 1913 and many leading fans here believe that a league should be formed among the towns in this section. DYERSBURG, Tenn., April 29. (Spl.)

The Dyersburg Baseball association is perfecting its new grounds in the western part of the city, on Finley street. The old grounds at Calcutt park were objectionable in many ways, and it is felt the new park will admirably meet the wants of the fans. The season will open the first of June, and Manager White states that he has arranged for some excellent games. He has contracts with a number of players, most of whom were connected with the team the past year, and the fans are looking forward to the opening of the season with a keen anticipation.

The Yankees have a swell chance to win the pennant if they stick to their knitting. Only in speed are they not what a great team should be. But what will it avait them if they are permitted to do as they please? They may tell the fans that there is no incentive to hustle in spring exhibitions, that the time to cut loose comes with the start of the championship, but how can there be confidence in a club in which for six weeks discipline has been badly out of place. It's no wonder that Clark Griffith was heartily in favor of legislating the spitter out of existence. Had, Griff had his way no pitcher would be allowed to use the damp float the coming season. There's a reason, of course, and it's found in the fact that not a member of the Washington huring corps tampers with the moist offering.
